Are You Smarter Than A 10 Year Old – Flash Web Project

Dear David,

I am writing to thank you for the recently completed Are You Smarter Than A 10 Year Old Flash project.

The Sky Games team are extremely pleased with the application which has been delivered to a very high standard in the short timeframe provided. Bright AI's understanding of our requirements for the game and quick turnaround has resulted in the game being a big success.

We look forward to working together on future projects.

Kind regards,

Rob Darvill
Games Development Manager, Sky Games
